ABOUT THE FILM

Unlike any other film produced on the conflict, **OCCUPATION 101** presents a comprehensive analysis of the facts and hidden truths surrounding the never-ending controversy and dispels many of its long-perceived myths and misconceptions.

The film also details life under Israeli military rule, the role of the United States in the conflict, and the major obstacles that stand in the way of a lasting and viable peace. The roots of the conflict are explained in interviews with leading Middle East scholars, peace activists, journalists, religious leaders and humanitarian workers.

Topics covered include: the first wave of Jewish immigration from Europe in the 1880's, the 1920 tensions, the 1948 war, the 1967 war, the first Intifada of 1987, the Oslo Peace process, settlement expansion, the role of the United States, the second Intifada of 2000, the separation barrier and the Israeli withdrawal from Gaza, as well as testimonials from victims of this tragedy.
