Tell Bed Bath and Beyond: "DROP SODA STREAM!"

As part of an international campaign to Boycott Soda Stream we are asking Bed Bath And Beyond to stop carrying products from Soda Stream—a company which manufactures on an illegal Israeli settlement and is therefore complicit in a brutal military occupation.

Israeli Settlements are a violation of International Law and are a serious obstacle to a comprehensive, just and lasting peace.

Soda Stream manufactures home soft drink kits. Its main production facility is on Ma’ale Adumim, an illegal Israeli settlement in the occupied Palestinian West Bank.
